More for you...

Event packages for every occasion.

No matter what your agenda, we've got the space, menus and tools to assist in making your event a great success.

Our 3 function spaces, Yin, Yang and our Chat Room are set up according to the principles of FengShui, creating harmony and balance through design and layout.

Use them individually for more intimate gatherings, or together as a large room for bigger dosq such as weddings or larger-scale events and conferences.

For smaller meetings consider our Chat Room, set up boardroom-style and with its own private terrace space. Sure Café Terrace is ideal for summer cocktails too.
